FOR CONGRESS.

McCREARY,-We are authorized to annou Hon. James B. McCreary, of Madison county, a candidate for Congress in the 8th Congressional District, subject to the erion of the Democratic party.

THOMPSON-We announce J. B. Thomp candidate for re-nomination by the Dem-ocratic party for Representative in Con-

THE news, if it may be called news, received during the past week has ben simply a lot of reports, followed by immediate denials of battles on the seas. Sifted down nothing remains worth putting in type. The U. S. regulars are still at Tampa, excapting a few which were landed with surplies in Cuba. A large body of troops have been sent to Manila, and more are ready to go. The volunteers continue to pour into Chickamauga, and about forty thousand are now there, being drilled and equipped for the field.

The best information obtainable clearly indicates that Admiral Cervere, and his fleet of war ships are bottled up in Santiago harbor by the American warships Information to this effect has been received in Washington. Cervera will either have to come out and fight or starve in his hi-

The invasion of Cuba will be delayed only until more transports can be secured. There are now thirty ships in waiting, but as many more are nec essary. There will be two divisions of the invading army, the first consisting of the 39,000 troops now at Tampa, New Orleans and Mobile, and the second of 45,000 volunteers. The first army of 30,000 will be made up of 19,000 regulars and 11,000 volunteers.

THE Buckingham theater, at Louisville, is to change management and name. A notice to this effect says the change is made in order to "secure the patronage of a 'better class' of people," and to "elevate variety perform ances from the dive level." The truth of the matter is the change is made in order to get the report abroad that the place is a little more decent, so more old endgers can attend and watch the bandy-shanked girls in tights kick high. Every sanctimonious old cuss that goes to Louisville watches his chance to slip into the "Buck," but "under a new and refined (?) manage ment" the old hypocrites can walk in at the front door. The "Buck" has a wide reputation as a leg show and nearly every man who goes to Louis viile attends, and then tells his wife a lie about it.

THE surgeons at Lexington weedel out so many state guardmen who were unfit fer service, that a message was sent to Washington asking that the examination be made less rigid. The request was granted. The eigarette fiend fared worse than any other class of the volunteers, and the yellow complected dudes were turned down by the dozen. , The ranks of the Louis ville Legion were thinned greatly, and many pets of that organization were many pets of that organization were given their walking papers by the the work of the club, Mrs. McRoberts surgeons. The Legion has one of the commanders now in the service, and also has some good men in the ranks, but many are curley-headed dudes who ought to be at home riding stick horses or trotting on mama'

THE order of Uncle Sam to suppres news of the movement o' troops and vastls goes a little hard with the American people, who want to know the news as soon as it occurs, but the plan is strictly right. Every move made in this country has been comin some way. How it has been done is hard to learn, but the spies certainly have means of letting the Dons into all our movements. The result of this order is that the reporters are com pelled to write sensational message without any foundation whatever.

THE fact that Easign Bagley was the first man to be killed in the Spanish-American war creates a remarka ble coincidence. His father, Major Bagley, of North Carolina, was the first Confederate killed in the late war, falling at Big Bethel church, Va., jus be ore Bull Run.

THE Cincinnati Enquirer published a cock-and-bull story Sunday and had many readers believing that Sampson had destroyed eleven of the Spanish s sips. Some of the daily papers tell a lie with the ease and grace of a cross roads politician.

The report of Unions showed much good work accomplished, reports were read from Danville, Lancaster, Mt. Berea, Danville Junction, White Hall, Kirksville, Stanford and Nicholasville.

Mrs. Francis Beauchamp, of Lexington, the excellent State president, attended the convention from the begining and rendered valuable aid in making the discussions interesting and in-

Mrs. Mary Weisiger read a paper or "Sabbath obserrance" that was greatly enjoyed, followed by discussions. A good paper entitled "Local Industrial work" was read by Mrs. Anna Fay. A beautiful memorial service was held Tuesday morning conducted by Miss Anderson, being opened by Mrs. M. G. Frost, who read a paper upon the life of Miss Francis E. Willard, followed by beautiful talks by Mesdames Elkin, Hansod, Gill, Beauchamp and others. Mrs. Frost also read an able and lengthy paper upon "Franchise for Woman", Mrs. Nesbitt read a paper on "Our Duties," Thursday afternoon which delineated some of the cares of office. Miss Margaret Murphy read a "Shall we study the child," paper which was very fine and widely dis-

On Wednes lay evening the Presbyterian church was well fille ! by an attentive audience to hear the impressive lecture delivered by Mrs. Francis Beauchamp in her most graceful manner. She held the wrapped attention of her audience for almost an hour, after which the lovely children of the Kindergarten class rendered a charming song in which the Stars and Stripes figured prominently. Miss Margaret Murphy, their teacher, should justly feel proud of her charming charges, for the boy of today is the man of tomorrow

Mr. Volney B. Cushing delivered temperance lecture Thursday at the Presbyterian church and one upon "The Lost Atlantis" at the Court House Friday evening.

An elegant reception was given the Club" at the College Thursday after- fore June 13 with Rev. W. H. Pinkerand Miss Shumate read papers and Pres. Gowen and Miss Murphy gave an interesting talk. Afterdisc topics of interest all partook of the elegant refreshments served so gracefully by Misses Kinnaird and Shumate. The officers chosen for next year: Mrs May Patterson, president; Mrs. Rob ert Elkin, corresponding secretary; Mrs. Rosalind Nesbitt, recording secretary; Mrs. Sam Ward, Treasurer. All went home charmed with the ospitality of the peope of Lancaster and vicinity and persuaded that the noble work of the W. C. T. U. will not anguish in the district. Give your couragement and aid, dear sister, to this noble work.

#### Foul-Smelling Catarrh.

Catarrh is one of the most obstinate diseases, and hence the most difficult to get rid of.

There is but one way to cure it. The disease is in the blood, and all the sprays, washes and inhaling mixtures in the world can have no permanent effect whatever upon it. Swift's Sec. in the world can have no permanent effect whatever upon it. Swift's Specific cures Cutarrh permanently, for it is the only remedy which can reach the disease and force it from the blood.

Mr. B. P. McAllister, of Harrodsburg Ky., had Catarrh for years. He writes:

"I could see no improvement whatever though I was constantly treated with sprays

ior years. He writes: improvement whatever, antly treated with sprays and washes, and different inhaling remedies—in fact. I could feel that each winter I was worse than the year previous. "Finally It was brought to my notice that Catarrh was a blood disease, and after thinking over the matter, I saw it wasunreasonable disease,
ing over the saw it wasunreasons as it wasunreasons by remedies which only reached the surface. I decided to try decided to try and I maded. In
